**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Don't let AT+T roll their juggernaut power and influence in California over smaller communications businesses by restricting improvements and advancements for their customer base. Part of it might be because people seem to be switching with increasing numbers to smaller ISP's who provide just as good basic service, if not better, and specifically excellent customer service. People are frustrated dealing with these corporate behemoths. Broadband competition is a healthy thing and shouldn't be trampled on by mighty corporations.
